March 27th, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
H-305, the Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Cypress Oaks – North Freeway Stormwater Detention Basin Project for fiscal year 2027.

The entity to receive funding for this project is Harris County Water Control and Improvement District No. 110, located at 400 Randal Way, Spring, Texas, 77388.

The funding would be used for the construction of a stormwater detention basin designed to reduce flood risk to residential and commercial properties within the district and to improve drainage conditions along the IH-45 corridor in Harris County, Texas.

This project is an appropriate use of taxpayer funds because it will mitigate recurring flood damage to homes and businesses, improve public safety, and enhance the reliability of a major freight corridor and hurricane evacuation route. By reducing stormwater runoff and preventing roadway flooding, the project will lower long-term disaster recovery costs and support economic stability in a rapidly growing region. The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2), which includes the construction of public works and infrastructure improvements.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.
Sincerely,

Sincerely,

Dan Crenshaw
Member of Congress
