The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Gene Campbell Road Corridor Drainage and Mobility Improvements for fiscal year 2026.

The entity to receive funding for this project is Montgomery County Precinct 4, located at 23628 Roberts Road, New Caney, Texas.

These funds would be utilized for surveying, preliminary engineering, hydrologic and hydraulic modeling, drainage design, and environmental permitting for improvements to Gene Campbell Road.

This project is an appropriate use of taxpayer funds because the community is an area with aging infrastructure that is in urgent need of repair. The project will help the city address future heavy rain events and therefore avoid more costly recovery efforts. Gene Campbell Road is a critical connector corridor serving both regional industry and fast-growing neighborhoods.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2), Community Development Block Grant Program.

I certify that I have no financial interest in this project and neither does anyone in my family.

Sincerely,

Dan Crenshaw
Member of Congress
